Lyndhurst Event Invite.pdf

Hello all,

I will consult with Alice and Stephanie on Monday and set up some time to talk and plan things out. SKEO was awarded the support contract, therefore, no down time in learning curve. I will check with Wanda Ayala on Monday to get a status.

River Mile 10.9 dredging start press event is Wednesday, Aug 7 as Debbie and Ana know. Doug, I am not sure if Wanda Ayala had a chance to email you the invite or not. We had major service disruptions here at our office. The project start was ever so unpredictable but I understand that the CPG may in fact scoop a few buckets of mud this weekend. Regional Administrator Judith Enck will kick off the event. Mayor Giangeruso invited. Commissioner Martin expected to attend. Congressman Pascrell confirmed to attend.

Lots to talk about. Attached is the invite. The CAG is invited to attend. If you could distribute to the CAG members that would be great. Otherwise I can do it over the weekend.

It's been a while. Miss seeing the gang!

Hi,

We have our next CAG Meeting scheduled for September 12. Not sure where we stand with the FFS and if there will be anything new to share, but that might be a good date for the tour if work is still going on, or else we might want to schedule something sooner.

Also, David do you know where we stand with the TASC contract support. Is this still in place, I assume the rebid is complete, did Skeo win it again? I would like to contact them and get a schedule in place for the fall.

Is there anything else we need to think about as we ramp up again?

thanks

Doug
